

# YOUR JOURNEY TO WEALTH

*I am in business to be rich. I was born to be rich, ordained to be rich, brought to the planet only to be rich, demonstrate riches. So, therefore, I am rich.*

—*Bishop E. Bernard Jordan*

**CHAPTER ELEVEN** ⇨ Getting rich is not only a system of business. It is not only a way of thinking, or a particular style of speaking. Getting rich is also a journey, one that comes with unexpected moments, rough terrain, bumpy roads, all of which you need to be prepared for, to withstand when they come. The people who thrive in life are the ones who do not allow adverse circumstances to throw them off course. Whatever your process may be, learn to enjoy it, knowing that greater favor and provision comes, not only at the end of the process, but also through the lessons that you will learn on your ride.

≡ PRINCIPLE #1 ≡

*Getting rich is a journey.*

One key to lasting in the game of life is to allow things to flow freely. Don't resist everything in life. Life is a learning process, and a spiritual voyage. The more you resist, the more you will be obligated to continuously repeat the same lessons over and over again. Some people find it difficult to even embrace a mentor. This independent age, in which we live, causes people to discount the role of the mentor. They feel as if they can do everything themselves.

Quite obviously, if you could become rich without the example of anyone, you would be rich right now. The reason why you are not is that you, like everyone else, need to be coached to maximize your potential. So then, you need a mentor on your journey, but not just any mentor. You need to have mentors who are financially equipped. No one can take you somewhere that they have not been.

**P**OVERTY AND SHAME SHALL BE TO HIM THAT REFUS-  
ETH INSTRUCTION.

*Proverbs 13:18*

Anytime a person refuses instructions, that means poverty and shame will inevitably come to him or her. Therefore, you are only poor because you refused instructions from a financial mentor. That is getting ready to

change. Also, I want you to know that no matter how rich you think you are, you still need financial mentors on your level. You need to look to financial gurus who are on a level higher than where you are. No matter how high you go in life, you can always learn from someone on an even higher plain than you are.

✦ PRINCIPLE #2 ✦

*Life is a learning process, and a spiritual voyage.*

## *HOW TO LOCATE YOUR FINANCIAL MENTOR*

Let me help you find financial mentors. Number one, you can align yourself with a pastor who is financially wealthy. I cannot recall any man of God in the Bible who was poor. Any man of God who is poor is not a man of God at all, because God is not poor. You may quote the scripture in the Bible that says; He was made poor that we may become rich—II Corinthians 8. If you compare what Jesus left behind to come to the planet, yes that is poverty. However, since both you and God come from the same Source, what you left behind to come here is poverty as well.

≡ PRINCIPLE #13 ≡

*Align yourself with a pastor who is financially wealthy.*

You did not come here to stay in poverty. You came here to overcome it, and show others how they, too, can overcome poverty. Since you and Jesus have the same beginnings, you like Christ have glory in your rich spiritual heritage. You came to the earth with built-in batteries, called glory. Jesus even prayed a very beautiful prayer to the Father concerning the whole idea of glory in John 17.

**A**ND NOW, O FATHER, GLORIFY THOU ME WITH THINE  
OWN SELF WITH THE GLORY WHICH I HAD WITH  
THEE BEFORE THE WORLD WAS.

*John 17:5*

Before the world even existed, you had the Glory of God on your life. Glory is a part of your spiritual DNA.

**I**HAVE MANIFESTED THY NAME UNTO THE MEN WHICH  
THOU GAVEST ME OUT OF THE WORLD.

*John 17:6a*

Every one of you is brought to the planet to manifest God's Name. You do that by showing forth His Glory in the earth. You are ordained to

manifest the name of Jesus, and everything that name represents. There is power in the Name. There is healing in the Name. There is deliverance in the Name, and you are brought to the earth and given that name so that you can manifest, and demonstrate that Name until you draw others into the experience of His Name.

**T**HINE THEY WERE, AND THOU GAVEST THEM ME;  
AND THEY HAVE KEPT THY WORD.

*John 17:6b*

Again Jesus asked his Father:

*...glorify thou Me with Thine own Self with the glory which  
I had with thee before the world was.*

Before you came here, you were in glory. Now, looking at it from that perspective, all of you have sinned. How did you sin? When you came to earth, you fell short of His glory. You fell from His glory to come into His glory. You left a high place to come down to a lowly place, to be lifted up again. Understand that the word “glory” is also translated from the Hebrew to mean “wealth.” So then, the glory of God on a person’s life is not necessarily that person’s ability to religious things.

≡ **PRINCIPLE #4** ≡

*Any man of God that is poor is not a man of God at all,  
because God is not poor.*

The glory on a person's life, is the ability to make manifest, and to make known the riches and wealth of God's Kingdom on earth. I realize that you will need a good investor as a mentor, or someone to teach you the real estate game, and how to start businesses from scratch. All of those things are completely fine. I still maintain though that you need to find a spiritual mentor who has a revelation about wealth as your starting point.

A good spiritual leader will know how to point you in the right direction and connect you with the right people to increase the Glory of God in and on your life. A broke pastor will only break you, not because of malicious intent, but because you can only give to others that which you are.

### ≡ PRINCIPLE # 5 ≡

*The glory on a person's life is the ability to make manifest,  
and to make known, the riches and wealth  
of God's Kingdom on earth.*

## *THE LAW OF FAMILIARITY*

You cannot be found until you are lost. You cannot come into the kingdom until you lose sight of the kingdom. You have to go away from God in order to come to God. You cannot come to what you have always been into. You will have no appreciation of the Father until you are without the Father. You have no appreciation of glory until you are without glory. This is called the Law of Familiarity. If you do not know what it is to struggle, then you will not know what it means to win. That is why there are some things you have to intentionally put yourself through, in order to come into.

≡ PRINCIPLE #6 ≡

*You cannot be found until you are lost.*

*You cannot come into the kingdom until you lose sight of the kingdom. You have to go away from God in order to come to God. This is the Law of Familiarity.*

That is why we say to reach for the stars. Reach for that which appears to be impossible. That way, when you attain it, it is an accomplishment. One thing you will understand about success in life is that success is a journey, never a destination. You never arrive. You keep going from glory to glory. “Poverty and shame shall be to him that refuseth instruction: but he that regardeth reproof shall be honored.” Proverbs 13:18. You need to get the books of people who are wealthy, and allow them to mentor you through their books. You can get recordings of individuals who are wealthy and allow them to mentor you through their teaching.

≡ PRINCIPLE #7 ≡

*Success is a journey, never a destination. You never arrive.*

As you digest the knowledge and wisdom from their books and their recordings, you will know how to ask the right questions, when you get into their presence. Everyone you need to meet, you can meet them in their writings. There will be times when even I will teach, but not from this form. You may come into a service and I may teach you from behind the drapes, and you will not see this form. Sometimes the form can captivate you, so much so that you miss the message that really needs to be formed.

How many times do you miss the message because you are sizing up the form? You are looking at the form, discerning the form, and looking at what the form looks like today. How is the form moving today? How was the form vibrating today? Sometimes God wants to teach us from the formless. One thing that you will begin to understand is that size has no meaning in the kingdom. A lot of times you miss your mentor because you discerned, or were looking for, a form. You were looking for your mentor to come in a certain way, in a certain form. And in doing that, you can become all too familiar with your mentor.

≡ **PRINCIPLE #8** ≡

*You will miss your mentor when you continually  
look for a certain form.*

Don't get fascinated with forms. Life is an illusion. "Everything on the planet, which is seen, is temporal: which means that everything which is seen is an illusion." Therefore, everything that you pass through in this realm is an illusion. "While we look not at the things which are seen ..."

II Corinthians 4:18. You should not look at the things which are seen. One of the serious entrapments that keeps us from coming into the fullness of the blessings of God is that we are busy looking at the things which are seen.

A lot of things will paint a certain picture, but it is when you lend your belief to that picture, or that image, the thing will begin to break forth. It is difficult to receive from one with whom you are too familiar. One thing to which you must commit to is to always be a student. Always seek to learn more. Realize that your mentor always has more to teach you that he may not have taught you before. Study your mentor. Feed from your mentor. And enjoy the process.

≡ **PRINCIPLE #9** ≡

*Life is an illusion.*

***NEVER SAY, I AM WEAK***

Let me share something else with you. Stop discussing your weaknesses. I will tell you why. When you discuss your weakness, you unleash an energy that seeks to bring that weakness into further manifestation. There are things that I may pass through and things that I have gone through in life that you may never hear me discuss. You would get all caught up in the whole web, because emotion creates motion, if it were discussed with emotion.

By discussing it you unleash a power that brings that weakness into some serious manifestations. You only discuss weaknesses that you want highlighted in your experience. If you do not want that weakness to manifest, then you had better find another conversation. When you are discussing your

weakness, you lend energy to it. Life is far more precious than adding unnecessary luggage to weigh down your journey.

**W**

HILE WE LOOK NOT AT THE THINGS WHICH ARE SEEN, BUT AT THE THINGS WHICH ARE NOT SEEN.

*2 Corinthians 4:18a*

Weakness is only weakness when you see it. However, you are supposed to be busy looking at the unseen. You have no business looking at the seen. You are supposed to be looking at the formless, not the form. You are supposed to be looking at the invisible, not the visible. That is one of the tricks about television. When you are looking at television, or videos, or whatever, you are the consumer, and you are judged for being the consumer. They take money from you. The only one that is paid is the producer. The producer looks at the unseen, while the consumer looks at the seen. The producer sees the invisible and is rewarded for doing so.

≡ **PRINCIPLE # 10** ≡

*When you discuss your weakness, you unleash an energy that seeks to bring that weakness into further manifestation.*

This is the spiritual law that is rewarded on all levels. An architect is paid for looking at the unseen not for looking at the invisible. The buyer of the form is the consumer. Life pays those well who master seeing in the realm of the unseen. The individuals who are paid well are those that can see the unseen. You can get paid, but you'll always get paid less for doing

what is seen. “We look not at the things which are seen, but at the things which are not seen. ... for the things which are seen are temporal; but the things which are not seen are eternal.” Our objective is to get you looking from the realm of eternity, not from the realm of the temporary.

⚡ PRINCIPLE # I I ⚡

*The highest paid individuals are those  
that can see the unseen.*

## *THE LAW OF REVISION*

You are so busy living in the temporal world that you are missing the eternal dimensions. Anything I want to manifest, I learn how to visit my future self. There are so many people who play with their past self, and do not even know what to do with their past self. That is why you should not be digging into your past, unless you know what to do with your past. Don't search for things that you do not know what to do with. When you begin to understand the law of revision, you will know for sure that you should never go back into your past self, and try to conjure up the old.

What is revision? Revision happens when you can go back to the past self, see the mistakes that the past self has made, correct the mistake in the past self, then bring the past self up through that situation, the correct way. You then revise it, having the emotions behind it and blotting it out as if it

had never happened. A clear example of this is what happened at the cross at Calvary. Past lives go through a process of revision.

A major deliverance happens when you come face to face with your future self. Imagine coming into view where you are supposed to be in the year 2017. You take that one that you are in 2017, and let 2007 begin to talk to 2017. Say, "Instruct me as to what I am supposed to be doing now, in order to get to the highest good." The results will be astonishing. What you need to do is to visit your future self. Your future self will tell you what tomorrow holds. Your future self has already lived this present self and can give you clues to help you navigate through the journey with ease and precision.

"My future self can instruct my present self, because I live in all times and in all dimensions and in all parts of the world, all at the same time. It is only when I got localized that I fall into the lie." Every day you are doing time travel. You are either traveling in the past or traveling in the future. Your mind has been created to work only on two speeds: rewind or fast-forward. What are you playing? If you are playing fast forward, you are visiting your future self. If you are playing rewind, you are dealing with your past self.

Is your mind on rewind or fast-forward, or is your mind stuck on pause? In which direction are you running? "While we look not at the things which are seen but at the things which are not seen. The things which are seen are temporal, but the things which are not seen are eternal." If your earthly house of this tabernacle were dissolved, you have a what? A building. What is this building made of? You know that this house is made with hands. But where exactly is your house? Your truest house is eternal in heaven.

≡ PRINCIPLE #12 ≡

*My future self can instruct my present self, because I live  
in all times and in all dimensions and in all parts  
of the world, all at the same time.*

In other words, this tabernacle, or this body, is not your home. In reality you have to leave home to find home. This teaching can be very in depth. But you need to understand what it means to experience an OBE, (Out of Body Experience). Through understanding this, you will discover how you can jump out of your body, how to jump out of this tabernacle that is going to dissolve, and then get into the house, which is eternal, in the heavens. That is the place you desire to live. Please come join me.

***PLEASE HELP ME TO FIND HEAVEN***

Contrary to popular belief, heaven is not a place, it is a realm. You were spirit before you were body. You had a life before you came into your body, just as you will have a life after you leave this body. Your life is not confined to your body. Your body is just an earth suit for you to work through on this realm. Your body is a journey suit. You may be wondering why I am teaching this revelation to this degree. In reality, this is not really me teaching. It is an experience that is going on inside of me. In this spiritual knowledge we grow.

✚ PRINCIPLE #13 ✚

*Heaven is not a place it is a realm*

Often, I become displeased with this house that I am living in. In this house I can feel the dissolving affect. This house is limited. That is why there is a groaning that goes on inside of me for me to be clothed with my home in heaven. Everyday I desire to leave home to go to home. That is the reason why I press on, getting into my meditative state, so that I can project myself to my ideally located place. I have to leave home to find home. You are supposed to be miserable in whatever you are sitting in right now. Your misery should catapult you into your spiritual ecstasy.

I can take on a journey and meet your future self and tell you what your future self is trying to say about your present self. Because you do not dwell in your heavenly home, you know that you are not in your right wardrobe. You know you are not in your right experience. For some reason you know that you have been localized and somehow you became man, when in truth you are god. You were not destined to be trapped in the situation that you are in. Ever so often, when I am not sure what to do, I begin talking in unknown tongues, to satisfy a groaning going on inside of me.

**F**OR IN THIS WE GROAN, EARNESTLY DESIRING TO BE CLOTHED UPON WITH OUR HOUSE WHICH IS FROM HEAVEN: IF SO BE THAT BEING CLOTHED WE SHALL NOT BE FOUND NAKED.

*II Corinthians 5:2-3*

Since my earthly language just doesn't seem to get the job done, I begin to go forth in God in my heavenly language whose sound is perfect in the ears of God. Deep within there is a deeper reality, a deeper experience. When you begin to tap into that deeper inward calling you will do things that totally defy the norm. That is why Jesus walked on water and defied the laws of sinking, and acted on the laws of buoyancy. Had he functioned in his earthly tabernacle he would have dissolved and swiftly sank to find the bottom, called earth. Your earthly house is always looking to get grounded.

### ≡ PRINCIPLE #14 ≡

*You were spirit before you were body.*

When you get to the point where you are not operating in what is seen, you will begin operating in the unseen. Grounding effects will not trap you. When people say that you cannot get up, you are up. When people say you cannot do certain things, inside you know that it is done. Individuals say, "That is impossible." You have already demonstrated that it is possible. When people say, "That will never happen for you," you say, "Look, behold, here it is. It is manifested."

You were born to be rich. So then, when things around you just don't seem to look right, your checkbook, your bank account, your business, and your house, you have to change the picture. You cannot live off of this earthly reality, which is limiting. You have to project beyond this experience to a realm called heaven. And that is a totally spiritual experience. One of the most sacred secrets concerning this business of getting rich is that getting rich can be a very spiritual experience. Those that experience

the spiritual side of wealth understand that wealth does not come by blood, sweat, and tears.

True wealth comes through a spiritual impartation. True wealth happens when you connect with heaven while on earth. For once in your life, you begin to realize that you, in and of yourself, can do nothing. Without the presence of Spirit working in you: you are destined to fail. What you are called to do is far bigger than you could ever imagine. And this I will promise you, that you will never accomplish anything of great magnitude through the works of your flesh. You will only tap into the higher reality by His spirit.

**T**HEN HE ANSWERED AND SPAKE UNTO ME, SAYING,  
THIS IS THE WORD OF THE LORD UNTO ZERUBBA-  
BEL, SAYING, NOT BY MIGHT, NOR BY POWER, BUT  
BY MY SPIRIT , SAITH THE LORD OF HOSTS.

*Zechariah 4:6*

*Father God, I thank you for the revelation of God, and for the truth that makes me free. I decree and declare that I function in wisdom, operate in divine knowledge. I am a co-creator with my Heavenly Father. Tonight I make a decision to move forward in the power of God, the power of demonstration, and I demonstrate the truth that makes me free. Thank You, God-in-me, for the reality of justice. Now*

*I ask that you cause me to set my mind straight to project the right ideas, to create the right event. God-in-me be glorified. God-in-me, demonstrate truth. God-in-me, cause me to be a producer, to create new realities. I decree right now that God-in-me will manifest Himself in a most unique way. I unlock my creativity from this day forward.*
